

D01: BERT dual-class Partition SHAP
gold=NEG | prediction=NEG
It's just disappointingly superficial—a movie that has all the elements necessary to be a fascinating,
involving character study, but never does more than scratch the surface.

Target: NEG
logit=+3.4692 | base=-2.1157 | residual=1.78e-15

Target: POS
logit=-3.0463 | base=+1.9041 | residual=0.00e+00

Red increases the target class logit; blue decreases it. Both panels use the same scale.
